9 June 2008

TASK FORCE CHARTER

Working collaboratively with multiple stakeholders, the Task Force will develop a proactive approach to motorcoach management that recognizes the economic value of the industry and balances its operational needs with measures to limit intrusive effects on Alexandria's neighborhoods, historic resources, the environment, quality of life, traffic and parking.

The Task Force will review best practices and build consent on measures that balance the multiple interests of the City especially residents' public health, safety and welfare.

Ultimately, the Task Force will recommend a motorcoach management plan to City Council.
